# Professional Indemnity – Policy Overview

## Introduction

Professional Indemnity insurance covers your legal liability arising from your professional services in the event that a third party claims to have suffered a loss as a result of your professional negligence.

Professionals may owe a duty of care to anybody who might reasonably rely upon the service or advice they have provided. In today's commercial world, clients expect high standards of service and are more inclined to resort to litigation when such standards have not been met.

Professional Indemnity insurance is designed to provide protection against such claims, providing an indemnity for damages which are awarded against your business, for legal costs in defending the claim and for costs that may be awarded against you subject to the policy terms and conditions.

Any business or person who provides services such as advice, design, or offers their skills or knowledge services in a professional category should consider Professional Indemnity insurance.

In addition, some professions are required to hold Professional Indemnity insurance as a regulatory requirement or as a result of their professional authorisation. This includes solicitors, accountants, architects, insurance intermediaries and financial advisers. Many consultants, advertising, PR and Recruitment Agencies, and Design & Construct professionals also choose to buy this type of insurance.

This is a summary only of policy cover and does not contain the full terms and conditions of the contract of insurance.
